Tone

Tone

Acoustic storage

Tone cabinets are sound dampening design pieces made to help built a balanced acoustic environment in the workplace or at home, ultimately making it easier to focus and concentrate.

Designed to absorb certain frequencies of sound where it is needed the most, our collection of acoustic furniture is designed to improve sound in the spaces that matters to you the most.

STANDARD COLOUR

STANDARD FABRICS

We offer a variety of standard fabrics, each with unique characteristics to suit your needs. For a complete overview of the standard fabric options available for this product, please visit Zilenzio.com.

CARE INSTRUCTIONS

In order to preserve the color and appearance of the fabric, the fabric should be regularly vacuumed with a soft nozzle.

Stain Removal for Polyester:
- Moisten the stain sparingly with a white clean cotton cloth, lukewarm water and possibly some pH neutral detergent.

Stain Removal for Wool:
- Dab or wipe gently with a damp cloth.
